## Career Objective:

To obtain a Python and Data Analyst Developer role where I can apply my programming skills, data analysis expertise, and problem-solving abilities to deliver valuable insights and support business decision-making.

## Technical Skills:

Programming Languages: Core python, Advanced python  
Web Development : HTML, CSS, JavaScript  
Database Management : MySQL, PDBC, Mongo DB  
Data Visualization Tools : Power BI, Tableau  
Excel : Pivot Tables, VLOOKUP, Charts, Dashboards and Functions, Formulas  
Frameworks : NumPy, Pandas, Matplotlib, Django  
Software Tools : Git, VS Code, Eclipse, Jupyter Note book, Atom, PyCharm

## Projects:

### 1.Crop Recommendation System using Machine Learning

Apr'24

A Machine Learning powered website for farmers to choose the right crop for that season

- Tech Stack - **Python, Flask, Sci-kit, HTML, CSS, Machine Learning, Streamlit.**
- Engineered a machine learning-powered web application for precise crop recommendations.
- Implemented advanced data preprocessing techniques to clean and process soil and weather data from Kaggle.
- Optimized prediction accuracy by dynamically selecting the best regression model (Random Forest, SVM, Logistic Regression) based on error minimization.
- Developed and integrated an intuitive web interface with Flask and Streamlit, ensuring ease of access for farmers.

### 2. Employee Management System

Nov'24

- Tech Stack - **Python, Django, My SQL, HTML, CSS, Bootstrap.**

Developed an Employee Management System using Django and MySQL, implementing CRUD operations for employee data, role-based authentication, and search/filter functionality. Integrated Django ORM with MySQL to handle database operations efficiently.

## Education:

- B. Tech at Malineni Perumallu Educational Society's Group of Institutions, Guntur under JNTUK with 7.5 CGPA.
- Intermediate at Narayana Junior College, Guntur under BIEAP with 8.34 CGPA.
- SSC at Narayana school under State Board of Secondary Education with 9.7 CGPA.

## Certifications:

- Master class in Data Analytics (NT\_B15DAE285)
- Learn Power BI DAX(WS/2025/M/4171)
- Certified in Full Stack Python
- Certified by smart Internz on Salesforce

### **Strengths:**

- Adaptability and Problem-Solving
- Team Collaboration and leadership
- Effective verbal and written communication

### **Hackathons & Workshops:**

- Participated in **Hackathon on Full Stack Python Bootcamp** by Make Skilled
- Participated in 2 days workshop on **ARTIFICIAL INTELLEGEENCE**
- Certification of Internship conducted by Make Skilled
- Participated in Python for Data science classes conducted by IBM

### **ADDITIONAL:**

- Open to relocation and remote opportunities
- Languages: English, Hindi, Telugu

### **Declaration:**

I hereby declare that all the above information is true and correct to the best of my knowledge

**Place:Hyderabad**

**Date:**

**P.Abduljaha**
